

Listed below are instructions for registering your debit card with Glass City Federal CU's debit card text alert/card control app – SecurLOCK Equip. This app is available for Apple's iPhone and Android smartphones. You can find the app in the Apple iTunes App Store or Google Play Store by searching for **SecurLOCK Equip**.

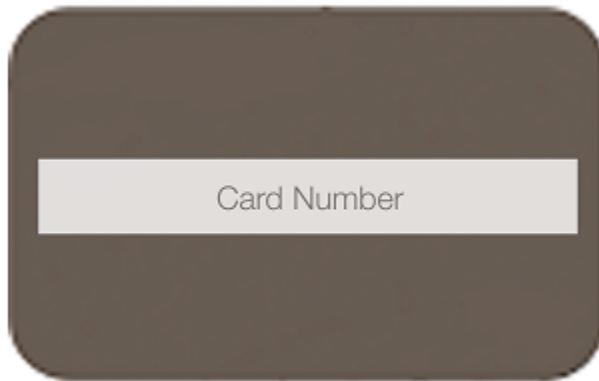

1. Launch the app on your phone.
2. On the login page, tap the **Sign Up Free** button.

3. Enter in the 16-digit debit card number and tap **Next**.

Card Verification [Next](#)

Enter your card number to begin registration.

Card Number

The card number is used to verify service eligibility. Upon verification of card number, you will be asked to provide additional information to verify your identity.

 By entering your card number, you agree to the [Terms & Conditions](#) and [Privacy Policy](#).

4. Enter in the 3-digit CVV number on the back of your debit card in the **Security Token** field, expiration date of your debit card, and the street address and zip code of your home. You do not need to enter in the city or the state of your home. When finished, tap **Next**.

If all information was entered in correctly, you will get a confirmation message stating your registration was successful. Tap **OK**.

SecurLOCK Equip

Congratulations, you can now log into SecurLOCK Equip with your Username and Password.

OK

- On the app login page, enter in the username and password you created in Step 7.

If you want the app to automatically populate your username on future logins, first enter in your username, then tap the box next to **Remember my Username** so that it has a checkmark in it, enter in your password, and finally tap the **Login** button.

Login

The login form for the SecurLOCK Equip app. It features the Glass City Federal Credit Union logo at the top. Below the logo are two input fields: "Username" and "Password". The "Password" field has a toggle icon (an eye) to its right. Below the input fields is a checkbox labeled "Remember my username" which is checked with a green checkmark. At the bottom of the form is a blue button labeled "Login".

9. The app allows you to create a passcode that you can use to log back in with instead of having to enter in with your username and password. ***This is optional – if you do not want to create a passcode, tap Cancel.*** If you choose to create a passcode, enter it in and tap the **Set** button.

****NOTE: Apple iPhone users:** You can also log in to the app using Touch ID. However, in order for this feature to work, you must create a passcode.

The screenshot shows the passcode setup screen. At the top, there are two options: "Passcode" and "Cancel". Below this is a large, light blue padlock icon. Underneath the icon, the text reads: "A passcode allows you to authenticate without having to do a full login every time." At the bottom, there is a text input field with the placeholder "Enter Passcode" and an eye icon to its right. Below the input field is a blue button labeled "Set".
