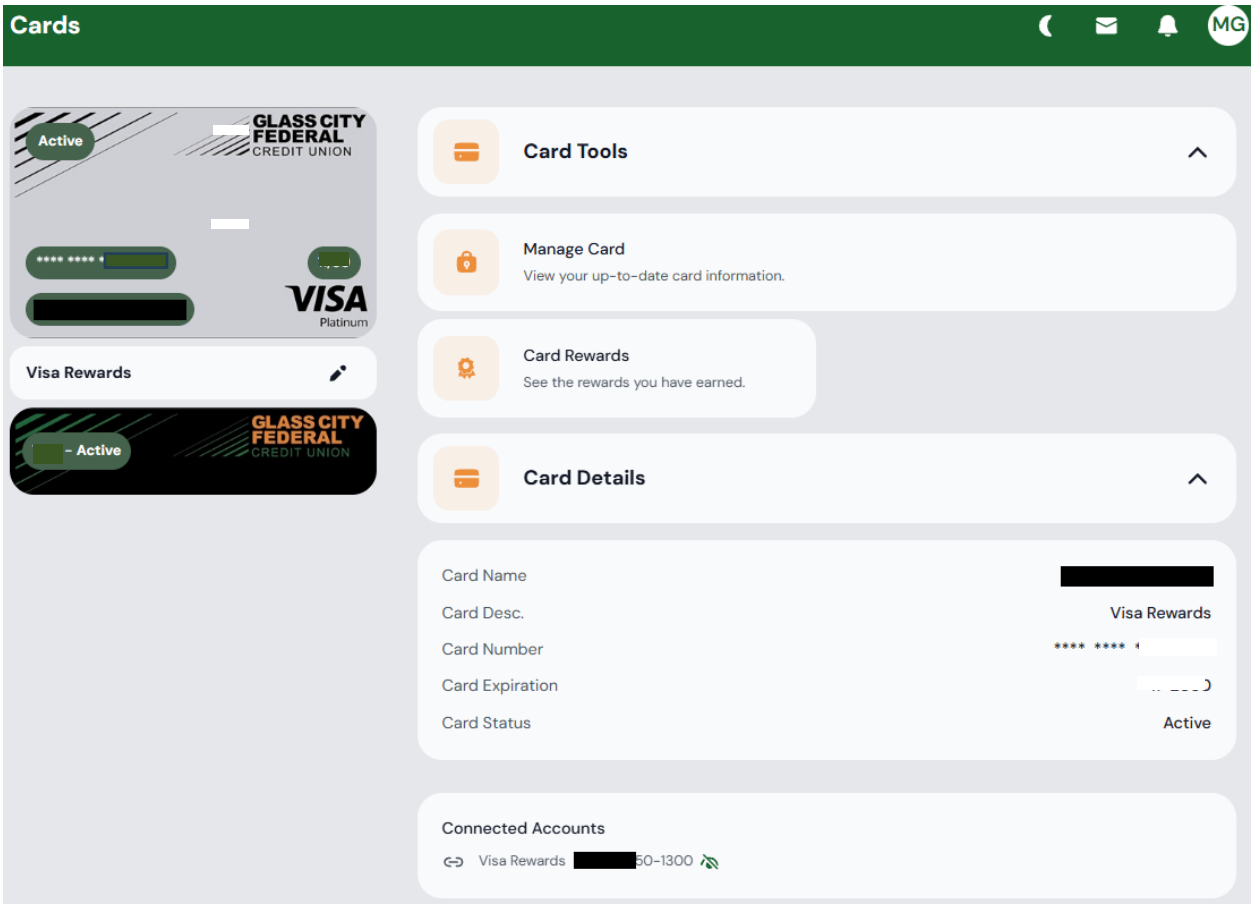
“Manage Card” Guide for Debit & Credit Cards

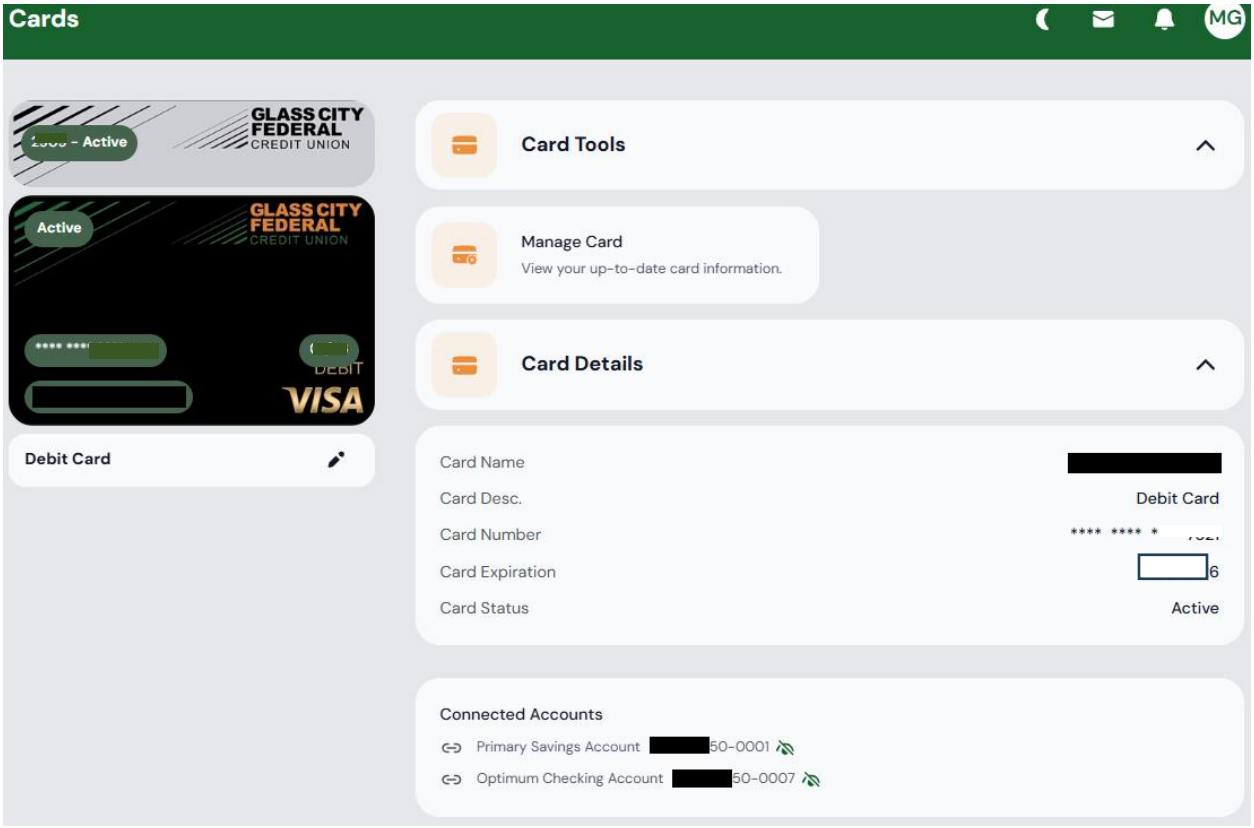
Cards ***NEW!***
You can now view your Debit Card in addition to Credit Cards in Home & Mobile Banking!

Credit Cards
For credit cards, you will be able to click the **Manage Card** button to log in to the website for credit card maintenance. Loyalty Rewards cardholders will also be able to click the **Card Rewards** button to log in to the Loyalty Rewards credit card rewards redemption website.

You can also see details on your credit card, such as the last 4 of the card, expiration date, and card status (active or inactive). You can also see which accounts are linked to the credit card.



Debit Cards ***NEW!***
You can see details on your debit card, such as the last 4 of the card, expiration date, and card status (active or inactive). You can also see which accounts are linked to the debit card.
(*Screenshot on following page)*



You can now manage your debit cards by clicking the **Manage Card** button to log in to the website for card maintenance, which is the same website that you use today to manage your credit cards.

⚠ ***NOTE:*** You will have to go through a first-time user enrollment process. As part of that process, you will add your debit card information to be able to manage it in the website.

⚠ ***NOTE:*** If you have more than one card, click the **Services** icon in the upper right corner of the website, shown below.

Once the **Services** icon is clicked, you will get a verification code to enter. Once entered, you will be taken to a page that shows all of the loaded cards in your profile. You will click the **Add Card** button and go through the process of manually adding your other card.
